**KINETICO DEALER NED JONES INDUCTED INTO WQA HALL OF FAME**

*Ned Jones of Gordon Bros. Water Recipient of Water Quality Association's Highest Honor*

NEWBURY, Ohio, March 26, 2008— Kinetico Incorporated, a leading manufacturer of water treatment systems based in Ohio, is pleased to announce that authorized Kinetico dealer Edward P. Jones III (Ned) from Gordon Bros. Water is the latest inductee into the Water Quality Association's (WQA) Hall of Fame. Ned Jones and Gordon Bros. Water provide water treatment services to northeastern Ohio and northwestern Pennsylvania. Ned Jones, one of the dealership's owners, is a past president of the WQA and received the honor during the WQA Aquatech convention in Las Vegas on March 26.

Representing Kinetico for the past 33 years, Gordon Bros. Water has been a respected name in water treatment since 1945. Jones, an active WQA member, has served the water treatment industry on many WQA committees over the years. "Ned's dedication to Gordon Bros. Water, Kinetico and the industry is unparalleled," says Shamus Hurley, president and CEO of Kinetico Incorporated. "We couldn't be more pleased to see his lifetime commitment to quality service and products honored by his industry peers."

The Hall of Fame is the highest honor bestowed on a WQA member. The recipient is recognized for lifetime dedication and service to the water quality improvement industry and for extensive participation and unfailing support for the betterment of the association.

**Kinetico Incorporated**

Headquartered in Newbury, Ohio, USA, Kinetico is a leading manufacturer of water treatment systems. An extensive network of Kinetico dealers serving residential and light commercial customers has helped more than a million people in nearly 100 countries experience the benefits of better water. Since 1970, Kinetico has prided itself on creating unique water treatment systems that serve customers in an expanding variety of residential, commercial, industrial and municipal applications. The company also has offices and facilities in the United Kingdom, Canada, France and Denmark. Further information is available at [www.kinetico.com](http://www.kinetico.com).
